SALEHTECH

CONSULTING, LLC

Computer and Networking Solutions

for Home and Small Business

586-722-7098

Why Salehtech Consulting?

We all know that computer technology is not perfect and can be frustrating at times. We here at Salehtech Consulting are committed to solving your home computer and network bugs as painlessly as possible.

From computer viruses to installing your own personal home network or even a simple upgrade in memory. You can rest assured that the utmost knowledge and expertise will be applied to each and every job performed.

In business since 2002, I am an honorary graduate with a degree in Network Engineering and Management. I also have achieved the Microsoft Certified Software Engineering Certification, along with other highly recognized certifications in the industry. I have spent years in the field solving computer related issues for other companies including the United States Army. Now it is time for me to bring all that I have learned and experienced to you and your family.

I look forward to meeting with you and discussing all of your technological needs.

Sincerely,

Alma Sobolowski

President
Salehtech Consulting, LLC
